## PARTNERS IN COACH EDUCATION

The National Coaching Certification Program is a collaborative program of the Government of Canada, provincial/territorial governments, national/provincial/territorial sport organizations, and the Coaching Association of Canada.

The programs of this organization are funded in part by Sport Canada.

## COACH DEVELOPMENT PATHWAY

### The Competition Development Pathway

It is expected that before a coach is able to enter the Competition Development Pathway that they have completed their Competition Introduction Advanced pathway and achieved a “certified” status OR they

are working with stage 5 athletes and have a letter of recommendation from their PTSA along with having completed 6 specific NCCP Comp Dev multi-sport modules:

1. Developing Athletic Abilities
2. Coaching & Leading Effectively
3. Leading Drug free Sport
4. Managing Conflict
5. Prevention & Recovery
6. Psychology of Performance

To move from 'Trained' to 'Certified' status at the Competition Development level, a coach must submit a portfolio containing the following documents (below) followed by the completion of an In-Practice and In-Competition Evaluation. This guide is designed to assist coaches in developing their portfolio documents to complete the Competition Development coaching portfolio and preparing for the on-snow evaluations.

## Coach Core Competencies

Both the Coach Portfolio and the On-Snow Evaluation have been created based on the NCCP/CSCP's five (5) Coach Competencies and seven (7) Coaching Skills. These are outlined below as a reference.

### Valuing

The ability to choose an effective response to a specific coaching situation, that is consistent with principles of ethical practice defined within the NCCP. It may be understood as a two-step process:

1. Awareness of personal values
2. Awareness of values in Canadian Coaching

### Problem Solving

The ability to bring about a positive outcome to meet a specific coaching challenge. It may be understood as a four-step process:

1. Analyze the conditions in a specific coaching situation.
2. Identify possible coaching responses
3. Choose an effective response.
4. Turn decisions into action.

### Interaction

The ability to interact effectively with individuals, groups or teams in a specific context. It may be understood as a dynamic interpersonal process performed with a clear purpose which requires the ability to:

- Communicate effectively
- Give and receive feedback
- Interact with others both in coaching and in a social context
- Intervene with others to manage and/or resolve conflict.

### Critical Thinking

The ability to reflect upon and/or monitor the outcome of situations, experiences, decisions and/or actions in which one or others are involved, and to assess their relevance and importance as a basis for future action.

### Leadership

The ability to influence others to accept, willingly, the leader's purpose and goal to help bring about some better future outcome or result, and to work together, voluntarily, towards achieving that end.

## Summary of Evaluated Coach Skills

### Coaching Skill 1: Makes Ethical Decisions

*(Core Competency: Valuing)*

- Coach correctly applies the NCCP MED process

### Coaching Skill 2: Plan A Session

*(Core Competency: Critical thinking, problem solving)*

- Identifies appropriate logistics for practice
- Identify appropriate activities in each part of the practice
- Design an emergency action plan EAP

### Coaching Skill 3: Support Athletes in Training

*(Core Competency: Leadership, interaction)*

- Ensures that the practice environment is safe.
- Implements an appropriately structured and organized practice.
- Makes interventions that promote learning

#### **Coaching Skill 4: Analyze Performance**

*(Core Competency: Interaction, critical thinking)*

- Detect & Correct technical performance.
- Detect & Correct tactical performance

#### **Coaching Skill 5: Support the Competitive Experience**

*(Core Competency: Leadership, interaction, Critical thinking)*

- Pre-competition: Implements procedures that promote readiness for performance.
- During event: Makes decisions and interventions that promote sport specific performance
- Post event: Uses the competitive experience in a meaningful manner for the development process of the athletes.

#### **Coaching Skill 6: Design a Sport Program**

*(Core Competency: Problem solving)*

- Outlines structure of own program based on training and competition opportunities.
- Identifies appropriate measures to promote athlete development within own program.
- Integrates seasonal training priorities into own practice plans.

#### **Coaching Skill 7: Manage a Snowboard Program**

*(Core Competency: Interaction)*

- Manages administrative aspects of program and oversees logistics
- Coach reports on athlete progress throughout the program
- Develops and implements fair selection procedures
- Implements recruitment and talent identification procedures

## The Coach Portfolio:

The coach portfolio is a compilation of tasks that will be assessed by the Canada~Snowboard Sport Development Manager before the coach's evaluation process. This requires that the coach completes tasks within the portfolio before the actual evaluation in order to provide evidence that he or she is ready and able to successfully meet the required standards set out in the evaluation. By building a portfolio, coaches increase their coaching competency and in turn the likelihood that they will be successful during the evaluation/certification process.

**Please scroll below to find what Portfolio Elements are required for completion and the Portfolio Checklist.**

## Portfolio Elements

### 1. Proof of completion of NCCP Online Evaluations

This segment of evaluation is administered through the Coaching Association of Canada's (CAC) website ([www.coach.ca](http://www.coach.ca)). Coaches must successfully complete the following NCCP Online Evaluations as part of their Competition Development Portfolio:

- A. NCCP online Make Ethical Decisions evaluation exercise for COMPETITION DEVELOPMENT. The generic evaluation criteria and standards are provided in the Appendix: Make an Ethical Decision.
- B. NCCP online Managing Conflict evaluation exercise.
- C. NCCP online Leading Drug Free Sport evaluation exercise.

### 2. Design a Snowboard Program

The yearly plan is a document that you will create annually and format in a way that is easy to understand yet contains enough information that you can refer back to it throughout the year to ensure your sessions have the correct focus.

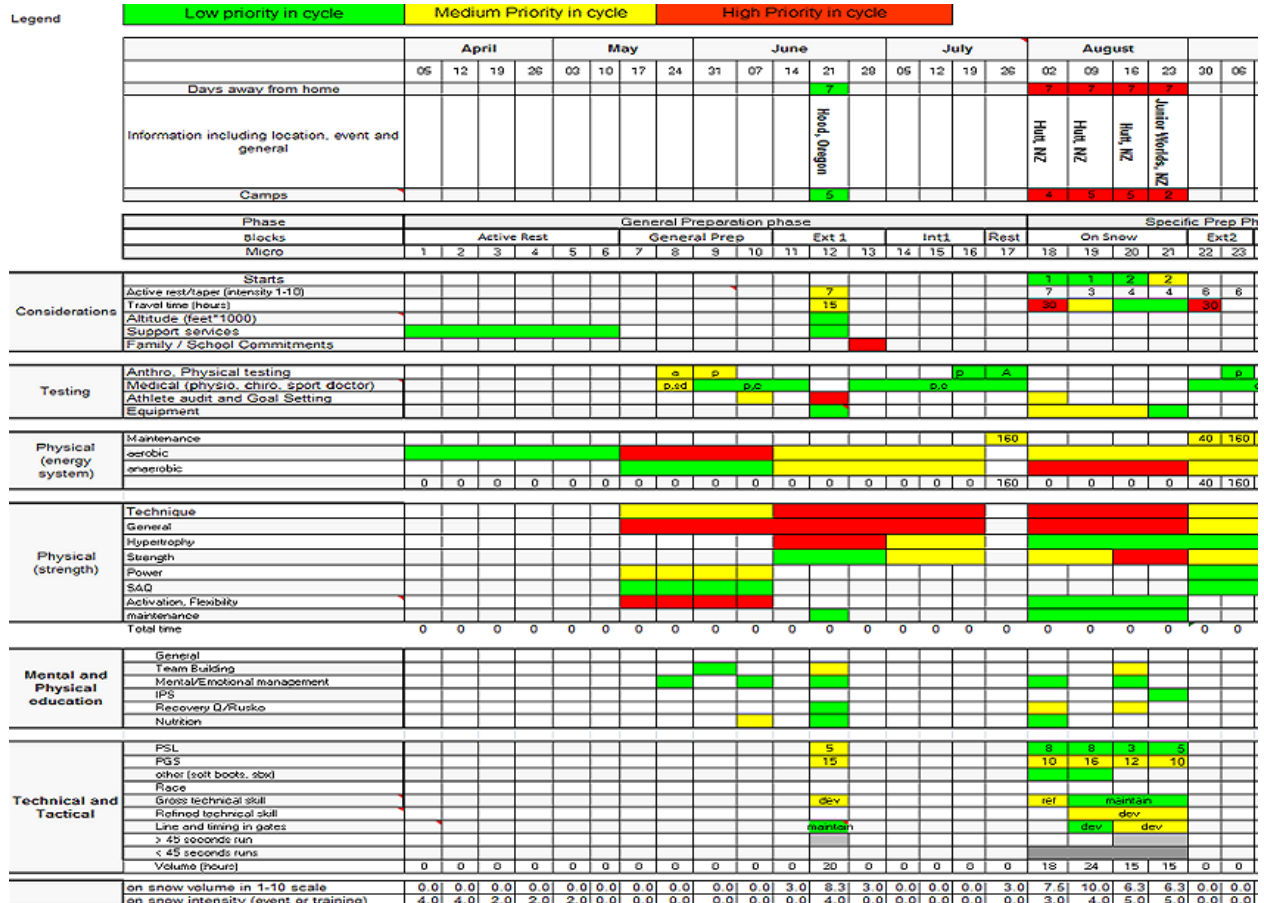

Figure 1. Sample yearly Training Plan

The yearly plan must meet the following requirements as a minimum:

- Identify major program goals and objectives
- Identify basic athletes' information (age, stage of sport development)
- Identify competition schedule and number of competitions in season.
- Identify length of each period of the program (preparation, competition and transition).
- Identify number, duration and frequency of training sessions in each period of the program (preparation, competition, transition).
- Shows correct ratio of training to competition opportunities based on the LTAD.
- Shows periods of development, consolidation and refinement of skill.
- Identifies appropriate level of progression and steps for improvement.
- Demonstrate that the training emphasis supports the goal in each period.

The generic evaluation criteria and standards are provided in the Appendix: Design A Snowboard Program.

### 3. Athlete Technical Analysis Video (*Analyze Performance*)

- a. The coach must submit video evidence showing the progression/learning of a stage 5 skill.

The video can either contain audio describing, or be accompanied by a written description of:

- Analysis of the technical evolution of the athlete.
- Analysis of the training commitments required for the learning of the skill.

- b. The coach must submit video evidence demonstrating a stage 5 athlete complete a second stage relevant skill (different skill than used for video A).

The video can either contain audio describing, or be accompanied by a written description of:

- Analysis of the actual social/training/competitive environment of the athlete.
- Analysis of the equipment selection and /or modifications of the athlete.
- Analysis of the biomechanical demands of the skill performed.
- The skills required at the stage previous (stage 4) that enable the progression to the current skill.
- Analysis of the tactical and decision-making demands required for the skill.

### 4. Proof of Canadian Acrobatics Air Course Completion.

*SPEED: Air 1 Course: This course will be required starting in the fall of 2012.*

*STYLE: Air 2 Course: This course will be required starting in the fall of 2013*

*Gymnastics Trampoline Coach Level 2 accepted prior to 2013.*

#### Acrobatics AIR 1

- *Course Goal:* Introduce acrobatic/gymnastic foundational skills on trampoline.
- *Equipment:* Comfortable athletic clothing – full legs – no jeans.
- *Performance expectations:* Demonstrate basic uprights, hand, front knee, seat drop, and spotting introductory inverts.
- *Prerequisites:* Current Canada Snowboard membership license
- *Equivalents:* Gymnastics Canada Tramp 1
- *How to Find a Course:* See [www.canadasnowboard.ca](http://www.canadasnowboard.ca)
- *Recommended Cost:* \$225
- *Number of Days:* 2

For more information on upcoming Air Module 1 courses, please visit [www.canadasnowboard.ca](http://www.canadasnowboard.ca) and look under “Coaching: Workshops” or email [coach@canadasnowboard.ca](mailto:coach@canadasnowboard.ca)

### 5. Proof of Canada~Snowboard Level 1 Officials Course completion.

The purpose of the CSF Level 1 certification course is to ensure that all participants receive the basic knowledge regarding the execution of snowboard competitions in all disciplines. Having completed the

necessary steps in achieving this certification standard, a Level 1 official will be able to assist in a variety of roles on the hill and/or indoor, at Regional, National and Continental level events.

In this Level 1 official course a participant will learn skills, rules, format of snowboard competitions and get some practical experience. For more information on upcoming courses, please visit [www.canadasnowboard.ca](http://www.canadasnowboard.ca) under the 'Officiating' link.

## **6. Proof of completion of Canada~Snowboard recognized judging course.**

**Requirement for STYLE Candidates only.**

## **7. Mentor a Competition Introduction Coach**

As part of the Competition Development portfolio, a one-page report detailing the yearly activities of the mentoring of a selected protégé working in the Comp Intro context, must be submitted. The protégé can be working with stage 3 or stage 4 athletes and therefore may be Comp Intro or Comp Intro Advanced CSCP trained.

More information on mentoring, expectations and process is accessible in the CSCP Evaluator/mentor handbook or can be requested by emailing [coach@canadasnowboard.ca](mailto:coach@canadasnowboard.ca)

## **8. Submit a Program Management Planning Tool**

Similar to the Seasonal Training Plan for athletes, the Program Management Tool is useful to ensure that aspects of your program are kept on track throughout the season. Clubs and teams that have a clear vision of what and when tasks are needed to be initiated or completed will likely be more successful. Your Program management Tool should meet the following minimum requirements:

- Outlines the philosophy and objectives of your program.
- Identifies expectations for behaviour and commitment for athletes, coaches, parents and staff and outlines appropriate consequences when behaviours are not met.
- Provides a schedule of competition and commitments for presentation to parents and athletes.
- Present an assessment of relevant performance factors that the coaches training plan is based on.
- A privacy of information policy outlining steps to maximize confidentiality.
- Method of collecting emergency medical information and the handling of this information.
- Emergency Action Plan for a stage 5 event
- Report on Athlete progress through program:
- List relevant performance factors
- Identify appropriate level of progression for an athlete at this stage and 'next steps' for athletes.

The generic evaluation criteria and standards are provided in the Appendix: Manage a Program

## Portfolio Submission

Once completed, all documents and supporting documents should be submitted to [coach@canadasnowboard.ca](mailto:coach@canadasnowboard.ca). The Portfolio must be submitted and approved prior to booking an on-snow evaluation. Please allow for 2-3 weeks for the portfolio to be reviewed.

### Competition Development Portfolio Checklist

- ☐ Proof of completion of NCCP Making Ethical Decisions, Managing Conflict and Leading Drug Free Sport online evaluations
- ☐ Design a snowboard program (YTP)
- ☐ Athlete Technical Analysis Video
- ☐ Proof of Acrobatics Air Course Completion (Speed or Style)
- ☐ Proof of Canada Snowboard Level 1 Officials Course Completion
- ☐ Proof of Completion of Canada Snowboard recognized Judging Course (Style Candidates Only)
- ☐ Mentor a Competition Introduction Coach
- ☐ Submit a Program Management Planning Tool

## On Snow Evaluations – Introduction

This section describes the evaluation and certification requirements for the Canadian Snowboard Coaching Program Competition Introduction Advanced context. These requirements meet the minimum standards of the National Coaching Certification Program (NCCP).

- The CSCP Speed and Style courses prepare coaches for the discipline-specific evaluation process.
- Technical skill content is based on CSCP Technical skill Progressions. Candidates are expected to know and use the CSCP skill progressions and key points.
- The Coach Evaluation Package is posted on the C~S website ([www.canadasnowboard.ca](http://www.canadasnowboard.ca)) for coaches to download and print.
- Coaches must complete an evaluation process to move from NCCP Trained status to NCCP Certified status. It is the responsibility of the coach candidate to schedule evaluation when he/she feels ready.
- There are several steps in the evaluation/certification process. Each step is linked directly to one of four coaching outcomes, or task descriptions, that the coach must be able to perform. Each outcome includes several evaluation criteria, and these must be fulfilled to a minimum standard to meet certification requirements. Accredited national Competition – Development evaluators will evaluate candidate performance. All outcomes must be successfully evaluated before certification is granted.

## Evaluation Process

To become certified in the CSCP Competition Development context, coaches must complete evaluation requirements in all seven (7) outcomes. The process for evaluation of each outcome is described in this section. At the Competition Development level, coaches are evaluated both in training and in-competition during two separate observations.

Note that Make Ethical Decisions is the only outcome that is evaluated in a generic (not snowboard specific) format. All other outcomes are snowboard specific, and interdependent.

## Access to Evaluators

The Canadian Snowboard Coaching Program has completed training of a core group of Evaluators. The Evaluators have been selected on a regional basis to ensure coaches in all provinces/territories will have an opportunity to move from trained to certified status for Comp Intro however at the Comp Dev level, evaluators are selected based on their experience and knowledge and numbers are limited.

Coaches can book evaluations online at [www.canadasnowboard.ca](http://www.canadasnowboard.ca) under the “Coaching” tab, or if one is not available, please email [coach@canadasnowboard.ca](mailto:coach@canadasnowboard.ca) to request one. Scheduling evaluations will depend on CSCP Evaluator

availability, and the event calendar. Please remember, the coach portfolio must be submitted and marked prior to attending an in-practice OR in-competition evaluation.

## Role of the Evaluator

During an evaluation, the evaluator's job is to EVALUATE, not TEACH. However, the evaluation process should be a positive learning experience, and some feedback is required. The evaluation tools are designed to allow for the provision of objective feedback. Each form has room for the evaluator to record subjective comments. The evaluator may use this opportunity to validate those tasks particularly well done, thus reinforcing positive coaching behaviours. He/she may also use the opportunity to explain why he/she did not believe that some coaching behaviours were adequately demonstrated. In such cases, the evaluator's comments must be constructive and provide the candidate with a clear direction for improvement (e.g. more practice, talking to more experienced coaches, reviewing the course materials, etc.). It is essential that every candidate walk away from the process feeling that they have learned something, regardless of the outcome.

## Before the Evaluation

- The candidate and the evaluator will work together to determine when each component will be evaluated.
- Evaluation will not take place during or immediately following a CSCP Competition Development Course.
- It is strongly recommended that candidates must complete a minimum of season of coaching between completion of the workshop and evaluation (exception is the Make Ethical Decisions module – see below). During this time, it is expected that the candidate will be working with athletes on a regular basis and applying the concepts they have learned from the training.
- Candidates must submit practice and season plans, with an EAP for the practice plan, for evaluation a minimum of two (2) weeks before the scheduled date of an on-site evaluation. On-site evaluations will only be done after practice and season plans have been evaluated and meet the minimum standards.
- Evaluation of Make Ethical Decisions (MED) will be done online, using a multisport format, and may be done at any time following completion of the workshop. For more information on the MED evaluation, visit the Coaching Association of Canada website at [www.coach.ca](http://www.coach.ca).

## How Each Outcome Will Be Evaluated

Outcome	Method of Evaluation	Performance Criteria
<b>Make an Ethical Decision</b>	<p>On-line, NCCP evaluation is not included in this package.</p> <p>Details of registration for online evaluation are available on the CAC website (<a href="http://www.coach.ca">www.coach.ca</a>).</p>	<p>Reflect on the importance of behaving respectfully toward participants, officials, parents and spectators.</p> <p>Identify key issues in a common scenario that could be encountered in the Competition - Introduction context.</p> <p>Describe a course of action for dealing with this situation that is consistent with the values and philosophy of the NCCP.</p>
<b>Design a Basic Program</b>	<p>Written submission to be evaluated by submitting an 8-12-week season program planning calendar, as well as 3 practice plans that demonstrates that the coach is using the information in the season plan for early, mid and late season training.</p> <p>Must be submitted for evaluation at the same time as practice plan and EAP.</p>	<p>Outline program structure based on available training and competition opportunities.</p> <ul style="list-style-type: none"> <li>Identify competition schedule and number of competitions.</li> <li>Identify length of each period of the program (preparation, competition, transition).</li> <li>Identify number, duration and frequency of training sessions in each period of the program.</li> </ul> <p>Identify program measures to promote athlete development.</p> <ul style="list-style-type: none"> <li>Identify and analyze training to competition ratios in the program.</li> <li>Identify strategies to address aspects of the program that are inconsistent with the C~S Long Term Athlete Development (LTAD) model.</li> </ul> <p>Develop practice plans that integrate seasonal training priorities.</p> <ul style="list-style-type: none"> <li>Identify athletic ability and training objectives for early, mid and late season training.</li> <li>Demonstrate effective use of available training time during these times of the season.</li> <li>Design practice plans that are consistent with the analysis described above.</li> </ul>
<b>Plan A Session</b>	<p>Written submission to be evaluated.</p> <p>The practice plan and EAP must be submitted and</p>	<p>Adapt pre-designed activities and/or design an activity appropriate for the age group and skill/performance level.</p> <p>Design a practice plan that includes the following:</p> <ul style="list-style-type: none"> <li>Identification of objectives</li> </ul>

	<p>evaluated at least two weeks prior to the scheduled on-site evaluation.</p> <p>The practice plan that is evaluated must match the practice that is delivered for the on-site evaluation session.</p> <p>If the practice plan does not meet the minimum evaluation standard, it must be resubmitted and meet standard prior to on-site evaluation.</p>	<ul style="list-style-type: none"> <li>• Appropriate structure and organization</li> <li>• Identification of risk factors</li> <li>• Appropriate use of time and space</li> <li>• Appropriate selection and sequencing of activities</li> <li>• Identification of key performance factors</li> <li>• Emergency action plan (EAP)</li> </ul>
<b>Provide Support to Athletes in Training</b>	<p>Formal on-site evaluation during delivery of a practice session to stage 5/6 athletes.</p>	<p>Deliver a practice session that is adapted for the given athlete group, is age/skill appropriate and includes the following elements:</p> <ul style="list-style-type: none"> <li>• Demonstrate common safety protocol including equipment adjustment check.</li> <li>• Teach basic skill progressions as per CSCP Technical Skills Progression.</li> <li>• Demonstrate and effectively apply appropriate teaching principles.</li> <li>• Demonstrate proper practice structure and organization.</li> <li>• Include an appropriate fitness-training component.</li> </ul>
<b>Support the Competitive Experience</b>	<p>Formal on-site evaluation during an appropriate level event with stage 5/6 athletes.</p> <p>A Coach-Evaluator debrief will follow the competition to gather additional evidence and clarify the Coach's role and intentions before, during and after the event.</p>	<p>Before the competition, implement procedures that promote readiness for performance. The coach will:</p> <ul style="list-style-type: none"> <li>• Assist the athlete to define competition specific process and performance goals that are consistent with yearly training/performance objectives.</li> <li>• Assess the athlete's mental state relative to the demands of the competition and implements pre-event procedures to help the athlete achieve an ideal performance state.</li> <li>• Identify and establish stage appropriate pre-race/event tactics based on an analysis of the athlete and the other opponents, and that is consistent with the rules of the competition.</li> <li>• Monitor and provide nutritional and hydration guidance to assist in performance.</li> </ul>

- Oversee any final adjustments to equipment to maximize performance.
- Effectively manages their own anxiety/stress level so as not to become a distraction to the athletes.

During the competition, make decisions and interventions that promote performance. The coach will:

- Provide information to identify **what** and **how** to achieve greater performance.
- Analyze key performance factors during the competition to identify potential causes of error and/or areas for improvement.
- Make interventions to provide strategic information, adjust equipment, or implement mental strategies.
- Assess the timing of interventions (or decision not to intervene) during the competition.
- Make adjustments to the tactics and strategies in response to how the competition unfolds, or significant events during the competition.

After the competition, use the competitive experience to further the athlete's development. The coach will:

- Assess the competitive strategies/plan and identify what aspects were successful and a rational for what could be improved.
- Debrief performance with athletes and provide constructive feedback that identifies how to improve.
- Use post-competition assessment to identify goals or objectives for future competitions
- Assist athletes to reflect upon and choose successful tactics/strategies for subsequent competitive experiences
- Implement recovery strategies to maintain optimal performance

Throughout the competition, oversee logistics and support to create favourable conditions for performance. The coach will:

- Provide athletes/parents necessary information pertaining to travel, accommodation, competition schedules, competition location, etc.
- Provide clear procedures and team regulations pertaining to expected standards of behaviour while away from home.

		<ul style="list-style-type: none"> <li>• Coordinate safe and timely athlete and equipment transportation.</li> <li>• Clarify competitive rules before the competition, and communicates the information to athletes, parents, etc.</li> </ul>
<b>Manage a Program</b>	Written Submission to be evaluated.	<p>Submit a collection of documents containing the following information:</p> <ul style="list-style-type: none"> <li>• Outlines the philosophy and objectives of your program.</li> <li>• Identifies expectations for behaviour and commitment for athletes, coaches, parents and staff and outlines appropriate consequences when behaviours are not met.</li> <li>• Provides a schedule of competition and commitments for presentation to parents and athletes.</li> <li>• Present an assessment of relevant performance factors that the coaches training plan is based on.</li> <li>• A privacy of information policy outlining steps to maximize confidentiality.</li> <li>• Method of collecting emergency medical information and the handling of this information.</li> <li>• Report on Athlete progress through program:</li> <li>• List relevant performance factors</li> <li>• Identify appropriate level of progression for an athlete at this stage and 'next steps' for athletes</li> </ul>

## Marking System

**NOTE:** Automatic Score of 0, meaning “Not Ready – Needs to be Re-evaluated in this Outcome”

The demonstration of one or more of the following behaviours during an evaluation will result in an automatic score of 0 of the specific outcomes being evaluated. The coach must be re-evaluated in this outcome.

1. SAFETY -- Endangering the health of an athlete or any other person regardless of whether the behaviour was accidental or intentional.

2. **HARASSMENT AND/OR ABUSE** -- Demonstrating harassing or abusive behaviour towards an athlete or any other person. Harassing behaviour may consist of repeatedly humiliating or intimidating someone, making racist comments, threatening someone with physical harm, making cruel personal jokes or teasing someone about their body or sexual orientation. Abusive behaviour may consist of name calling, swearing, threatening, ridiculing, intimidating, isolating, hazing, ignoring a person's needs, slapping, hitting, shaking, kicking, pulling hair, pulling ears, striking, shoving, grabbing or excessive exercise as a form of punishment
3. **DISREGARD FOR FAIRPLAY** – Violating CSCP rules and/or the Coaching Association of Canada Code of Ethics/Conduct.
4. **LOSS OF CONTROL OF ATHLETE GROUP** – Athletes clearly not responding to directions of coach by wandering off, and/or not following instructions, and/or displaying unsafe, abusive and/or harassing behaviour.
5. **DEMONSTRATION OF DISRESPECT FOR ATHLETES, PEERS, VOLUNTEERS & EQUIPMENT** – Violation of the NCCP's Code of Ethics/Conduct.
6. **INADEQUATE TECHNICAL KNOWLEDGE** – Coach does not incorporate and teach CSCP Techniques

The next pages provide an overview of the four coaching outcomes and main performance criteria for the CSCP Competition Introduction Advanced context

## Cost of Evaluation

### ONLINE EVALUATIONS

Estimated cost of online evaluations: \$20.00 - \$30.00

Note: This fee is paid online, directly to CAC

### PROVIDE SUPPORT TO ATHLETES IN TRAINING

### PROVIDE SUPPORT TO ATHLETES IN COMPETITION

### PLAN A PRACTICE

### DESIGN A BASIC SPORT PROGRAM

Estimated cost of on-site evaluation: \$250.00

**plus**, travel expenses for evaluator (+ Evaluator Expenses)

### CD Evaluation includes:

- Evaluation of Portfolio
- In Training Evaluation
- In Competition Evaluation

---

**Approximate Total Evaluation Cost: \$280.00**

(Exclusive of evaluator travel expenses)

## Evaluation Process Timelines

Action	Timeline
Complete the CD On-Snow Workshop	6 days
Applied Active Coaching	A season
Coach contacts C~S Sport Development Manager (SDM) to initiate evaluation process and coordinate fee payment	5 weeks prior to onsite evaluation date
C~S SDM selects evaluator; Evaluator contacts coach to set up date & location of on-site evaluation	4 weeks prior to onsite evaluation date
Coach submits to Evaluator: • Entire Portfolio with all required prices	2-3 weeks prior to onsite evaluation date
Portfolios are evaluated and meet minimum standard; Evaluator confirms date of on-site evaluation	1 week prior to on-site evaluation date
On-site evaluation and debrief day 1 (Support in Training)	Date of on-site evaluation
On-site evaluation and debrief day 2 (Support in Competition)	Date of on-site evaluation
Evaluator will: • Provide final results to coach • Complete and submit a NCCP Course Registry form to C~S SDM. The Evaluator will keep a copy for his/herself. • An NCCP Course Registry Form cannot be completed or submitted until all Four snowboard-specific outcomes are evaluated and successfully completed. • Copies of NCCP Course Registry Form will be forwarded to the CAC & CSCP by the Evaluator • A copy of the CSCP on-site evaluation summary sheet, pre-observation checklist and action plan template should be provided to the coach, Evaluator and provincial/territorial office if one exists	1-2 weeks after on-site evaluation

Note: Evaluation of the outcome: Make Ethical Decisions is done directly online by the coach when he or she feels ready through the Coaching Association of Canada.

## Appendix

The following “Sportification Tables” have been included in this document to help the coach candidate adequately complete the CSCP Competition Development Portfolio and prepare for observation by a CSCP Evaluator. The tables outline the NCCP (and CSCP) Coach Standards and an achievement scale for each outcome’s criteria. For additional information refer to *NCCP\_Evaluation\_Toolkit\_JUNE\_2011*.
